

Central Montana Community Cupboard Annual Report 2016

A Letter to Our Friends, Volunteers & Supporters for the 2016 CMCC Annual Report

Thank you, citizens and businesses of Central Montana, for rising to the call to feed the hungry! Your generosity in time and effort, in donations of food and cash, helped those families and individuals experiencing hardship and needing a little help, for the first time or once again.

In 2016, your donations of cash for food and donations of food and personal care items provided 116,314 pounds of the 124,000 pounds of food and personal care items dispensed by the Central Montana Community Cupboard to people in need that year.

Special appreciation and recognition is given to our 49+ volunteers who operated the CMCC and to the remarkable community food drives of 2016: *(same as in new draft)*

In 2016, the CMCC Board of Directors, with shared leaderships of Mary Schelle and Paul Huff, reorganized and redefined the duties of our volunteers (Board and operations) to more effectively fulfill our Mission.

The successful operation of the Central Montana Community Cupboard, as a resource for those in need, relies on your continued support. The source of all funding is donations and fundraising initiatives, i.e. grants and matching fund programs helps provide the food we need to purchase for those in need, also helps the Community Cupboard with operations expenses. Thank you for making such a positive impact on the health and wellbeing of our community in 2016.

Sincerely yours,

Anne Leininger, Interim Chairperson

Mission:

Serving Central Montana by collecting and distributing food to families and individuals facing emergency situations.

Our Policy

Our policy is to serve families and individuals with food assistance adequate for three days sustenance. This assistance is available to them six times in each six month period.

Local Business Provides Community Service

Spika Welding and Manufacturing, implemented a new program of providing volunteer service which benefits not only the community but also its employees. The community cupboard happened to be a recipient of this program this year. Two volunteers, Cooper Johnston and Carl Lopez, along with his son, spent time helping members of the board of directors and other volunteers assemble new steel shelves for the storage of food items. Once the shelves were put together, other volunteers moved them in place, labeled and packed the shelves with food items. The new shelving replaced old ones which had seen better days. With the help of the two gentlemen from the local business, the storage area is now more efficient as well as providing more space to accommodate the food items so graciously given to the cupboard to dispense to those in need.
